Hi Brent

I write to thank you for the attention you and all your team have given to the CCTV installation at Park View.

From our first meeting we have been impressed by the understanding you showed of our needs and making recommendations for the optimum solution.

Your team have all played their part in making the install as seamless as possible and despite some initial teething problems these were never allowed to become an issue. We have enjoyed working with you and your team and look forward to maintaining this very positive relationship into the future.

Kind regards

Chris Lambert
